

# Mount Lindesay Highway Rosia Road to Stoney Camp Road Upgrade

November 2019

The Department of Transport and Main Roads (TMR) is upgrading the Mount Lindesay Highway between Rosia Road and Stoney Camp Road, Park Ridge South.

The upgrade will involve:

- widening the highway to four lanes
- upgrade the Highway's water run-off infrastructure
- upgrade the on-ramp at Stoney Camp Road and the off-ramp at Granger Road
- improve safety with new barriers.

## Project background

In 2016, a safety review of the Mount Lindesay Highway was undertaken to identify measures that could be implemented along the highway to improve safety for all motorists.

The review process included analysis of driver behaviour and crash trends, field inspections and community consultation.

The recommendations included a number of safety and capacity upgrades between Brisbane and Beaudesert.

A copy of this report is available from the TMR website ([www.tmr.qld.gov.au](http://www.tmr.qld.gov.au)) by searching "Mount Lindesay Highway safety review".

Further safety upgrades of the Mount Lindesay Highway will be delivered in priority stages as funding becomes available.

## Project benefits

The Mount Lindesay Highway upgrade will:

- improve safety for all road users
- reduce potential for traffic incidents
- retain freight efficiency and allow adequate capacity for freight
- improve traffic flow and road capacity.

This \$20 million project upgrade is funded by the Queensland Government.

## What happens next?

Construction to widen the highway and upgrade the on and off ramps began in late 2019 and is expected to take 12 to 18 months to complete.

## Project timeframes

Activity / Milestone	Timing
Detailed design	Mid 2018 – late 2019
Construction starts	Late 2019
Construction	Early 2021
