

Image size requirements

Hero carousel (Homepage)

1440 x 485 px

Connecting Queensland

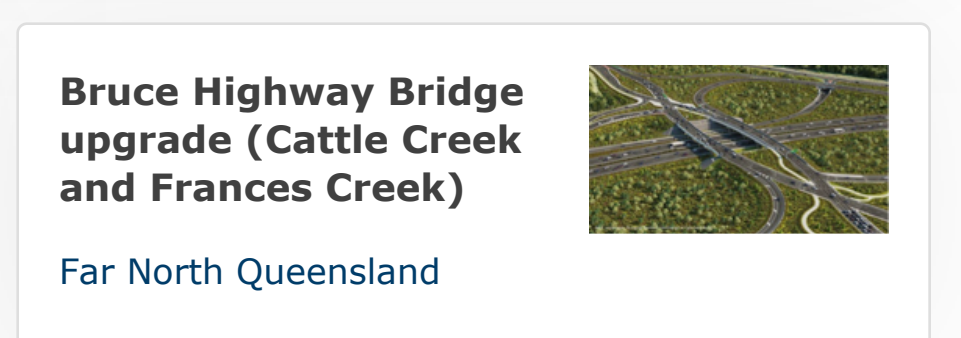

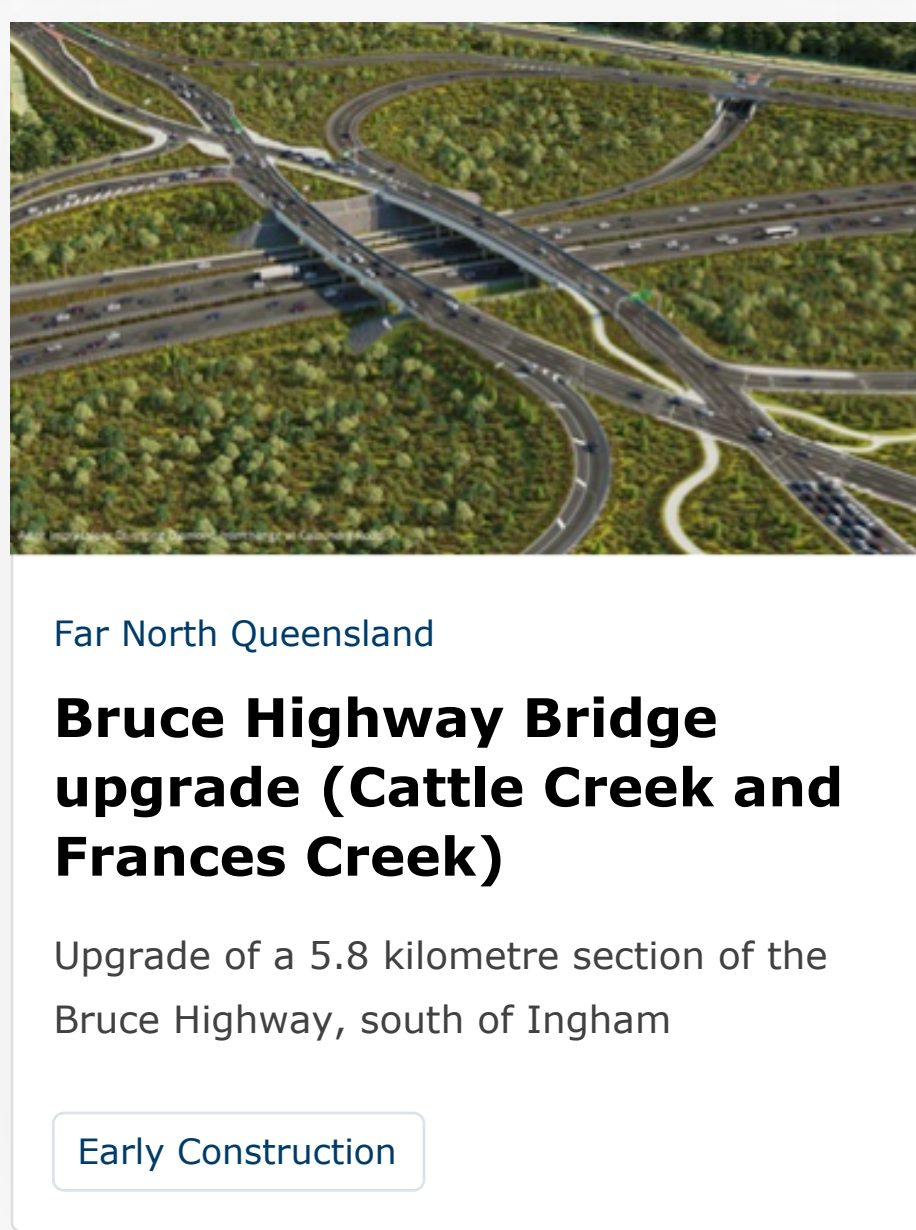

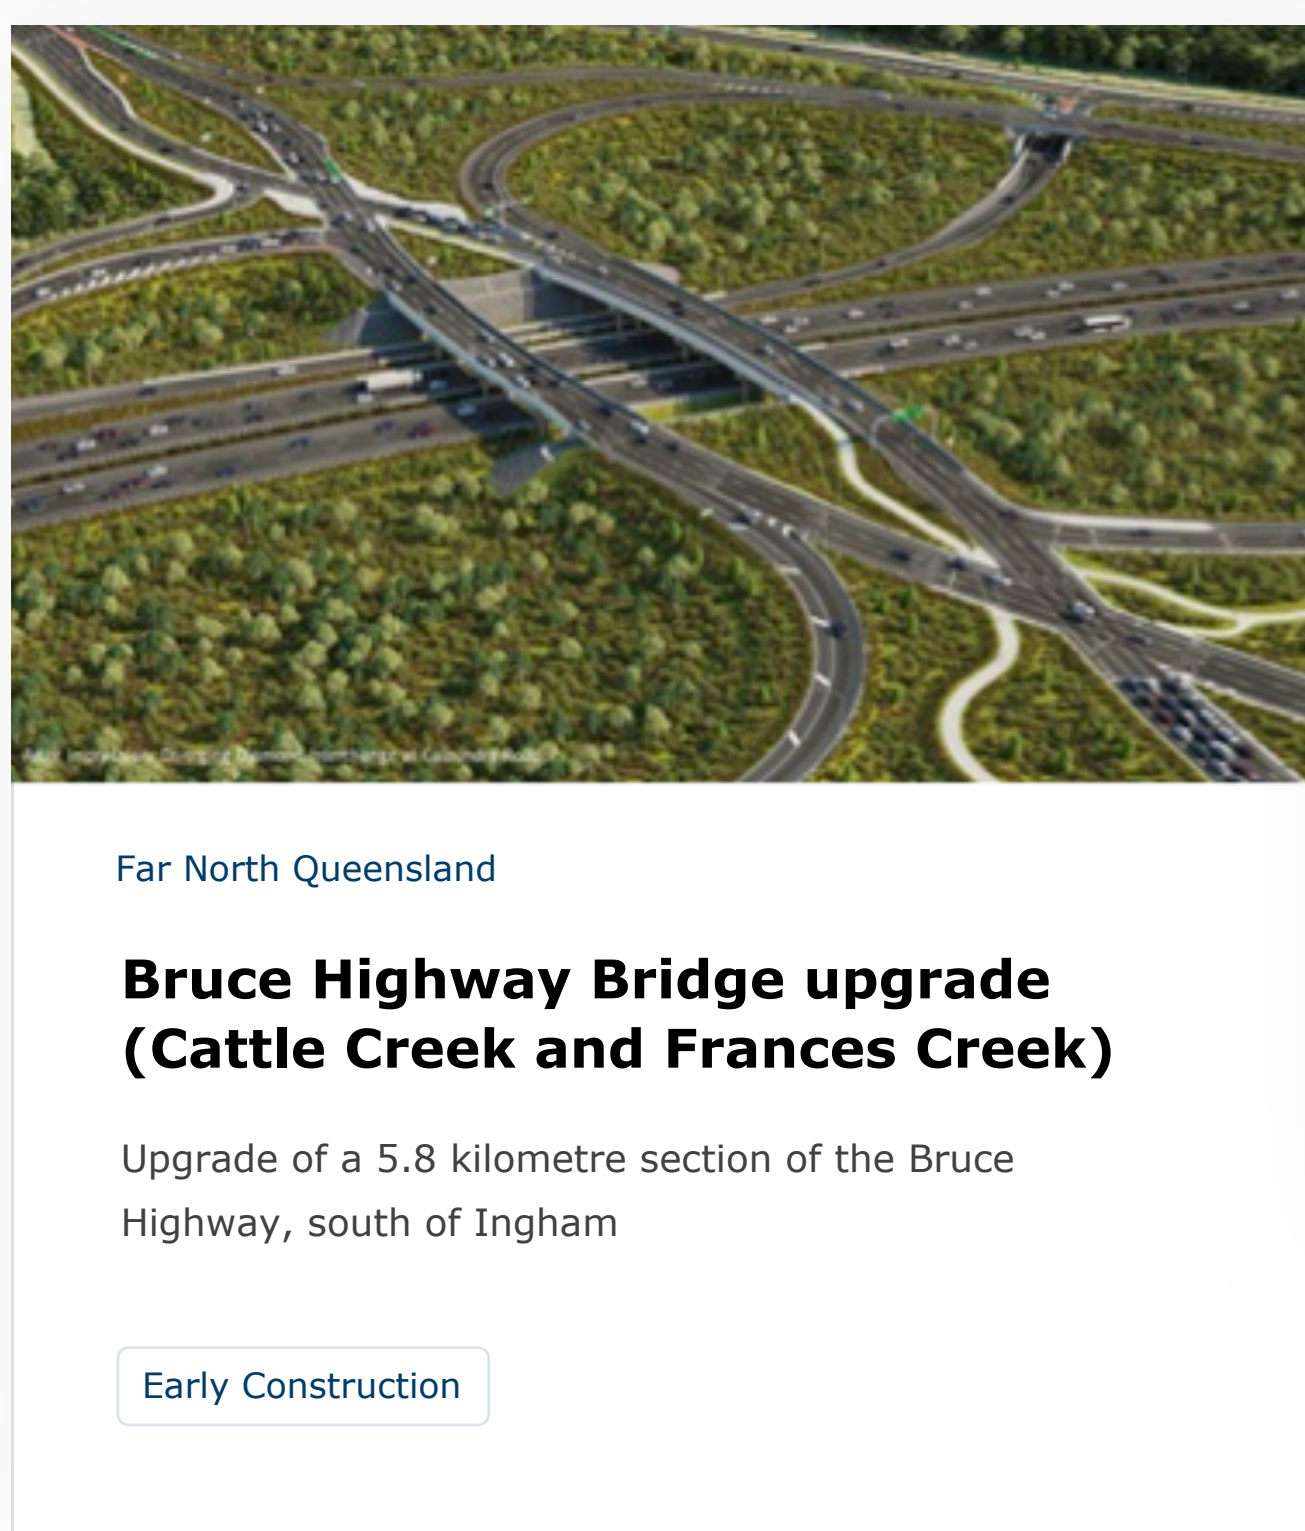

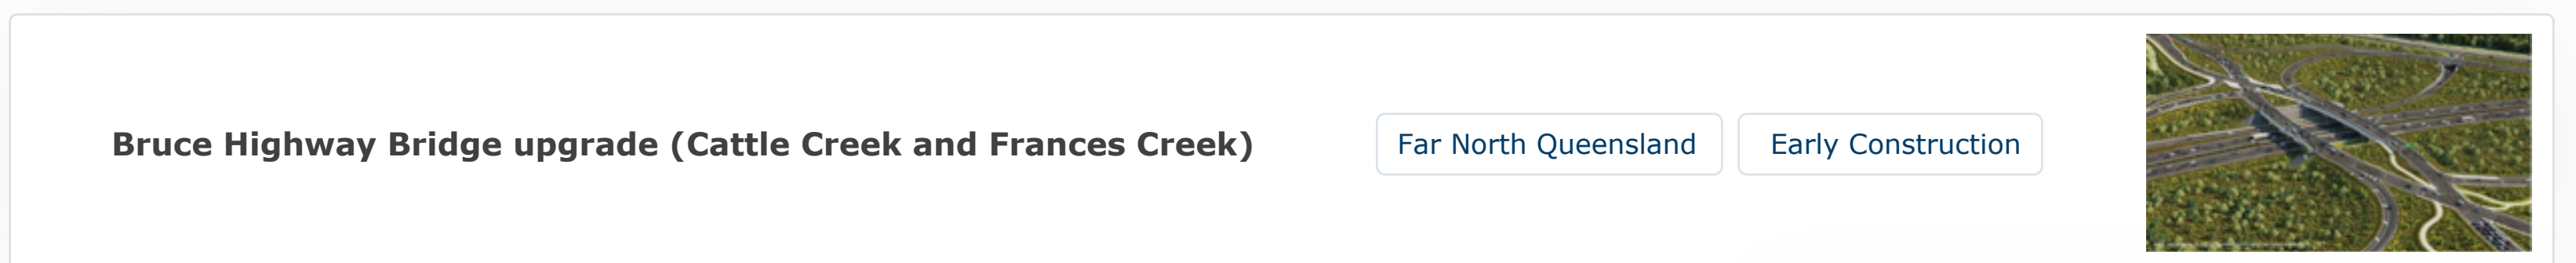

We're investing \$23B in Queensland transport infrastructure to improve safety, transport, flood resilience and economic connections.

Featured project images

1216 x 684 px

Any image added to the project as part of the featured images carousel should be 16:9 aspect ratio so that wherever the image is shown - from the Project detail page down to the thumbnail on the related projects listings - it will display beautifully and not cause inconsistencies across the website.

Other images

Minimum 686 x 420 px (this supports mobile retina displays up to @2X).

No fixed aspect ratio.
